UN FORKLIFT

Every bit of square meter in warehouses, logistics centers, distribution centers, manufacturing facilities or food industries costs money.

The effective utilization & optimization of vertical and horizontal space in a warehouse, through **integration of innovative systems and technology**, results in huge savings.

We at ATCO provide innovative & integrated solutions for your **Storage, Material Handling** and **Loading Station** problems.

Storage System:

ATCO offers innovation racking and shelving system customized to satisfy specific customer requirements in terms of feature, price, maintenance, safety and many others. ATCO is an authorised distributor for racking systems from Europe, Malaysia and China.

Docking Equipment:

ATCO is the official distributor of INKEMA (SPAIN) and represents the full range of dock leveling equipment and industrial door, INKEMA specializes in providing integrated solution for loading and unloading of goods and for access control through industrial doors and dock shelters.

Material Handling Equipment:

ATCO represents premier world leading material handling equipment brands such as ATCOLIFT and UN-Forklift thereby offering its clients the most extensive range of forklift and warehouse equipment in the industry.

Very Narrow Aisle (VNA) articulated forklift is the versatile lift truck that can work in dramatically, reduced aisle widths, increasing the storage space by up to 50%, it works both inside and out, and can perform the work of both reach and counterbalance forklifts aiming to increase operational efficiency, reduced cost, or both, ATCO is able to conceptualize and deliver a complete, optimized solution for your warehouse and distribution centre.

WHY US?

- High quality products at affordable prices, tried and tested in the marketplace for over 18 years
- Professional management
- Streamlined business processes
- Large inventory of finished goods and spare parts
- Know-how of the industry & market as a whole to provide the right solution & product for the right application
- Team of professionally trained sales & service engineers who ensure a smooth experience for the customers, right from project consultancy, to supply of the right product, to installation, training and after sales service right product, to installation, training and after sales service

Productivity, Performance, Safety, Stability, Durability - remain the hallmarks of our products
